

overhead lines and underground service from the power poles to pad mounted transformers that supply each building. Construct the secondary for a 10.5 MVA 44.000/12/470 volt substation. The substation secondary will consist of vacuum breakers, voltage regulator, bypass switches and the structural steel. Anti-terrorism/force protection measures will include observance of vehicle access sitting distances, landscaping berms, exterior lighting, laminated glass, and walkway bollards.

EARMARK DECLARATION

HON. MICHAEL K. SIMPSON

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Friday, July 10, 2009

Mr. SIMPSON. Madam Speaker, in accordance with the policies and standards put forth by the House Appropriations Committee and the GOP Leadership, I place in the RECORD a listing of the congressionally-directed projects I have requested in my home state of Idaho that are contained in the report of H.R. 3082, the FY2010 House Military Construction, Veterans Affairs and Related Agencies Bill.

Project Name: Civil Engineer Maintenance Complex at Mountain Home Air Force Base
Amount Received: \$690,000

Account: Air Force Military Construction Account

Recipient: 366th Wing, Mountain Home Air Force Base, Idaho

Recipient's Street Address: 366 Gunfighter Avenue, Ste 107, Mountain Home Air Force Base, Idaho, 83648

Description: The civil engineer functions are currently dispersed among 10 WWII-era wood-frame and Korean War-era facilities. Wood frame facilities have a RAC 2 due to failing roof structures and cracked and spreading concrete foundations that have contributed to failing floors and trusses, presenting risk to squadron members who work in the facilities. Currently, employees must evacuate during heavy snowfall or high winds. The fire safety deficiencies are endemic to all buildings, the patchwork electric wiring is maxed out, which increases fire risk, and the HVAC systems can't keep buildings heated and cooled. The dispersed locations and failing conditions of existing facilities adversely affects all daily Civil Engineering operations and negatively impacts the Wing's mission. This funding will be used for planning and design.

Project Name: Logistics Readiness Center
Amount Received: \$20,000,000

Account: Air Force Military Construction Account

Recipient: 366th Wing, Mountain Home Air Force Base, Idaho

Recipient's Street Address: 366 Gunfighter Avenue, Ste 107, Mountain Home Air Force Base, Idaho, 83648

Description: The existing Logistics Supply is a condemned 53-year-old wooden structure beyond economical repair. The roof is held up with temporary structural supports. The building is evacuated and now 60% of base supply functions operate from temporary spaces across base, creating significant delays in troop/equipment mobilization. This negatively impacts the Wing's ability to demolish and relocate from other substandard facilities on base. When funded, the Logistics Readiness

Center will provide command and control for all materials in-bound and outbound, including freight processing, packing, crating, pallet buildup shop, and provide bulk and bin storage. The facility will also support secure storage, an armory, and have administrative areas.

I appreciate the opportunity to provide a list of Congressionally-directed projects in the report accompanying the FY2010 Military Construction, Veterans Affairs and Related Agencies Appropriations bill on behalf of Idaho and provide an explanation of my support for them.

TRIBUTE TO LIEUTENANT GENERAL FRANCES C. WILSON

HON. IKE SKELTON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, July 10, 2009

Mr. SKELTON. Madam Speaker, let me take this time to honor a dedicated military educator, Lieutenant General Frances C. Wilson, who will be retiring as the President of the National Defense University, after having served this nation for 37 years in the United States Marine Corps.

Culminating with her appointment as President of the National Defense University in 2006, General Wilson has, throughout her career, focused on professional education while working tirelessly to create an educated and well-trained class of American warriors. She has completed seven advanced training courses, including Harvard's Senior Executive Course in National Security, and earned four Master degrees along with a Doctorate in Education. Through these impressive academic undertakings, General Wilson acquired the knowledge and skills needed to prepare America's future officers for the complex contemporary world.

Most impressively, General Wilson has relentlessly used her extensive education to increase the capabilities of our Armed Forces. She commanded the Fourth Recruit Training Battalion at Parris Island, directed the Manpower Management Division at Marine Corps Headquarters, and managed the military's Reserve forces while a member of the Reserve Force Policy Board. Through her leadership in these posts, General Wilson greatly advanced the professional development of the marines under her command and helped to mold a vibrant military education system.

As President of the National Defense University, General Wilson understood the critical need for National Security Professionals within the Executive Branch. She spearheaded the development of the National Security Education Consortium and, recognizing the importance of international cooperation, established educational partnerships with 79 nations, especially our NATO allies. Additionally, she added three Masters degrees to the University's curriculum while managing NDU's reaccreditation process. As a strong proponent of military education myself, I could not be more pleased with General Wilson's efforts or the many accolades she has received over her long career.

General Wilson's leadership has strengthened both the Marine Corps and the professional military education system. As a staunch believer in continuous education for profes-

sional soldiers, I am proud of her commitment to lifelong study and the development of America's warriors. I trust that Members of the House will join me in congratulating General Wilson for her contributions to the United States of America.

EARMARK DECLARATION

HON. TODD TIAHRT

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 10, 2009

Mr. TIAHRT. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks in H.R. 3082—Military Construction and Veterans Affairs Appropriations Act. H.R. 3082 contains \$8,700,000 for TFI—Upgrade DCGS Facilities (PRQE089032) in the Air Force, Military Construction account. This project is for Air National Guard at McConnell Air Force Base located 57837 Coffeyville St., Kansas, 67221.

The funds will build an adequately sized and properly configured facility for personnel, equipment, and materials, for near-real time intelligence mission conducting the processing, exploitation, and dissemination of U-2, MQ-1 Predator, and RQ-4 Global Hawk sensor data around the world in support of warfighters by the growing 161st Intelligence Squadron of the new 184th Intelligence Group. Security features, high-capacity environmental control equipment, high-capacity secure fiber optics, and redundant power supplies are all prerequisites to accommodate the sophisticated Intelligence, Surveillance, and Reconnaissance (ISR) Operation Center. No matching funds are required for this military construction project.

HONORING THE LIFE OF MOODY NEWELL SIEBMAN

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, July 10, 2009

Mr. HALL of Texas. Madam Speaker, I rise today to honor the memory and accomplishments of a man who dedicated his life to showing generosity towards others, Moody Newell Siebman of Pottsboro, Texas, who passed away last year.

Mr. Siebman was born March 27, 1932 in Wichita Falls, Texas, to school teachers Moody Nugent Siebman and Rudy Steedman Siebman. He married Carol Sue Gillum on March 8, 1958 in Collinsville, Texas and they had two children, my good friend and outstanding citizen Clyde Siebman, their daughter Annette Skupin, and four grandchildren, Elizabeth Siebman and Katie, Becca and Sam Skupin. Mr. Siebman was proud to be a fifth generation resident of Grayson County whose great-grandfather, S.D. Steedman was a Grayson County Judge in the 1800s.

Much of Mr. Siebman's professional life was dedicated to the transportation industry, where he worked in all aspects of the industry from long-haul truck driver to owner and manager of multi-truck fleets. He also worked as a traffic manager for twelve years and in 1998 as
